SNOOK
by panconnect•

SNOOK is a panel that combines pure design and effective connectivity. It is produced in 5 basic sizes.

**SNOOK XS i**s the smallest variant that contains only USB-C/A charging and wireless charging Qi.

SNOOK S is a basic charging option that includes a socket, USB-C/A charging and wireless Qi charging.

SNOOK M is produced in 2 variants. First option contains 2 sockets, USB-C/A charging and wireless Qi charging. Second option offers integrated space for 2 PULL-OUT cables, USB-C/A charging and wireless Qi charging.

SNOOK L is the biggest variant and it includes integrated space for 2 PULL-OUT cables, socket, USB-C/A charging and wireless Qi charging.

Great benefit of SNOOK M and L is that **USB-A and USB-C** slots can be placed on the bottom or upper part of the panel.

For manipulation with audio-video or charging cables can be used a **PULL-OUT** system that works on a principle of gravity weighted cables in a textile bag and it allows to pull out the **cable up to 96 cm** (total length of the cable is 200 cm).

PULL-OUT SYSTEM

by panconnect•

PULL-OUT - a mechanism that works on the principle of gravity weighted cables in a textile bag and it allows the cable to **be pulled up to 96 cm** (the total length of the cable is 200 cm).
SNOOK always contains 2 PULL-OUTs in the package.

SAFETY
& RECYCLATION

PANCONNECT declares that panel **SNOOK** complies with Low voltage directive 2014/35/EC and EMC directive 2014/30/EU. Testing has been made according to EN 50491-5-1:2010 and EN 50491-5-2:2010 standards.
All products from **PANCONNECT** are intended for **upgrade** or **recyclation** in accordance with the company's policy.

Before the disposal of this panel comes up, please verify if this product can or cannot be upgraded or overhauled. If it's not possible, kindly arrange the disposal in accordance with valid EU directives. This product belongs to WASTE ELECTRICAL AND ELECTRONIC EQUIPMENT (WEEE) category so the disposal is possible only in accordance with this WEEE Directive 2012/19/EU. It cannot be part of the municipal waste.

INSTALLATION
MANUAL

DESK MOUN-
TING HEIGHT

10 mm
up to 40 mm
(up to 60mm
with custom screws)

Tools: Hole saw, rasp

Warning: Always follow the cutout for your panel. Steps may vary depending on the panel.

01| Mark the centers and cut out the holes with the hole saw

02| Clean sharp edges with the rasp and put the panel into the cutout.

03| Insert the frame from the bottom of the panel and tighten the screws.
Clip on the pull out from the bottom part of the panel.
